Product Name : **BRUMBY**

Manufacturer : **Tru-Turf**

Roller Type : **Heavy-Duty roller**

Roll : **greens, approaches, tees, fairways and sports fields**

Description

The Brumby is a robust, versatile maintenance roller designed for golf courses and sports fields. It provides an alternative to lightweight rollers with its strength and multi-functional capabilities. Inspired by the durable Australian wild horse, the Brumby is engineered for heavy-duty tasks.

Overview

- Market Gap Solution : The Brumby broadens the product choice for customers and provides a multi use heavy weight rolling solution.
- Design Philosophy : Emphasizes on the Australian origin by design and 'go anywhere workhorse' capability.

Key Features

- Tri-Drive Feature : Three smoothing head cassettes, each with two driven rollers.
- Patented Technology : Features our patented offset smoothing rollers.
- Versatility and Strength : Designed to perform in various various golf course and sports turf maintenance scenarios.

Engineering Details

- Roller Configuration : 3 smoothing heads with 3 rollers per head - 2 rollers in each head a belt driven.
- Operational Efficiency : Electrical actuator for integrated trailer wheels movement.
- Steering : Articulated steering for enhanced manoeuvrability.
- Coupler : **Tru Turf now with the CONNECT ASSIST™** feature.
- Patented triple offset roller technology.
- Optional configurations : Single roller setup.
- Rolling Width (Swath) : 70 inches.
- Optional Brush for single roller use.

Exclusive Advantages

- Robust Engine : Powered by a 6.5 hp, (4.85kW) Honda engine (Optional: 11.7 hp, (8kW))
- Drivetrain : Three electric motors utilizing synchronous belts for effective power transmission.
- User Control : Separate foot pedals for left/right direction, enhancing control.
- Operator Comfort : Premium seat with UV protection, adjustable armrests, and safety switch.
- Maintenance Ease : Independent adjustable nodules for consistent roller cleaning (for single roller only).
- Safety Features : Electric park brake and LED lighting for diverse conditions.
- Warranty : 2-year limited manufacturer's warranty.
