

# Tru-Turf **Service Kits**

Tru-Turf have introduced Service Kits to keep your machines in top condition with minimal downtime. We have developed service kits that include all the necessary parts to make maintenance easier for your machine.

### **Why Tru-Turf Service Kits?**

- **Precision Parts** : Every component has been carefully selected to ensure it meets Tru-Turf's high standards for performance.
- **Efficiency** : Bundling parts into a kit simplifies the servicing process and ensures that the machines have the correct wear and tear parts changed at least annually.
- **Smart Investment** : With a 15% discount on these kits, you receive quality and savings, helping you to avoid unexpected costs from unplanned breakdowns.

Our service kits are available across the RB48, RC50 (compatible with R50 models), RE50, and RB70 models, in both annual and interim options, ensuring a tailored solution for each machine's needs.

Contact your dealer today to order your Service Kit.
